Summary

I am a committed Bachelor of Technology student majoring in Computer Science and Engineering with a firm CGPA of 8.8. I have a background in backend development and technical competence in C, C++, and JavaScript. My ability to design secure APIs and implement authentication techniques sets me apart in the tech industry. I am passionate about learning the latest technologies and solving complex problems.

Education

Gokaraju Rangaraju Institute of Engineering and Technology

Sep. 2023 – Graduating July 2027

Bachelor of Technology in Computer Science and Engineering — Current CGPA: 8.8/10

Hyderabad, Telangana

Relevant Coursework

- Data Structures
- Database Management
- Web Development

Technical Skills

Languages: C, C++, HTML/CSS, JavaScript, SQL

Developer Tools: VS Code, MySQL, Git, GitHub, Postman

Technologies/Frameworks: Node.js, Express.js, React.js, Tailwind CSS, MongoDB

Projects

Course Selling Website Backend | *JavaScript, Express.js, Node.js, MongoDB*

November 2024

- Built the backend for a course-selling platform using Express.js and Node.js, ensuring smooth handling of user requests.
- Integrated JWT-based authentication to securely manage user logins and access permissions.
- Designed RESTful APIs to support course creation, updates, and purchases, making it easy for users to interact with the platform.
- Used MongoDB to store user data, course details, and transactions, optimizing data retrieval and storage efficiency.
- Implemented middleware for validation and error handling, making the system more robust and secure.

Interests & Hobbies

Programming: Exploring backend development, optimizing algorithms

Technology: Web development, blockchain

Sports & Activities: Watching MMA, Cricket

Personal Interests: Reading tech blogs, Problem-solving on coding platforms, Gaming, Chess, Mobile Photography
